Fair Supply and Tone Very Strong.

Very Little Cattle Sold-Big Demand for Hogs.

The Wichita hog market yesterday was a good five higher. The market opened girong and closed 5 cents higher. Late wagon hogs coming in sold about 5 cents higher and the hogs selling yesterday at \$1.50, sold the day before at \$1.75. The guality was generally good. There was a \$12007199; Texas steers, \$2,700490; Texas slight increase over the day before, in splite of the continued rains and the constrong. Hogs-Receipts, 16,999; market steady to strong. Bulk of sales, \$1,999.25; heavy, sequent heavy roads. The wagon trade \$1,5594.90; packers, \$1,999.25; mixed, \$1,579. in excess of Monday, although they were not any too heavy yesterday. There were eight cars to cross the scales and they all sold at good strong prices, and as Compared with the tone and quotation of other western live stock markets, the local market was very flattering. For natiance, the day reports given by the Aspiclated Press reported Kansas City, "stendy to strong," St. Louis, "weak," and Chicago, "strong to a shade higher," This market was at all times strong and this geental average sales were made at a full 5 cents higher. This comparative statement shows up very well for the local market and demonstrates that this point has a local operation all its own, nd is not at all influenced by the conditions operating at other points. There is now a regular and constant demand of all the several grades and There is here the best compatition now than ever, and all the several weights and grades have buyers for them nd they sell at once at close to Kansas receipts, was far below the demand, and the buyers in the field could have used many times the number of hogs received. ensidering the unfavorable shipping constations the receipts were not very much unwarranted yesterday, but nevertheless there was more demand than supply and the buyers were left with untilled orders. The strength of the local market was yory firm and, as for the past two works, more than held its own with all other translets. markets.

MUDDY ROADS HELP CORN

Oats and Provisions Close at Small Gains.

Chicago, Ill., Nov. 21 .- Wheat was weak early today on a poor export demand and expectations of a large increase in the er. Corn, actuated by rains, closed % w%

Statistics at the opening in wheat were

not of a pronounced character. Initial prices were unchanged from yesterday's loge, December at 65% field and May at 7157114c. Export inquiry was poor, the world's visible was expected to increase berally and a local trader recently returned from abroad announced opinions decidedly bearish. This was sufficient for the letting out of some long stock, and December sold to 95% 955% c and May to 70% c. The strength of corn had a steadying tendency and at the decline the mar-ket fluctuated narrowly on the operations of scalpers. The first incentive to buyers came when New York and Duluth re-ported a decided improvement in the for-eign inquiry and a better business tone. eign inquiry and a better business tone.
Meanwhile the visible supply had falled to come up to predictions, showing an increase of only 75,000 bushels. Shorts bought with considerable snimation. December advancing to Stimple Western descripts, 5,800 packages. Quiet. Eggs. Receipts, 5,800 packages. Quiet. Western descripts, 5,800 packages. Quiet. Western ungraded at mark, 14620c. to The. The close was 14% over yes-terday for both options, December at 57% 160% and May at 13%. New York re-ported 25 loads taken for export. Atlantic port clearances in wheat and flour were equal to 252,000 bushels. Primary receipts with 804 last wek and 2.177 the correspond-ing day last year. Local receipts were 103 ours, 44 of contract grade. Shipments

Corn was strong throughout the session, a condition directly attributable to the rains in the corn-growing sections. Country roads suffered and the movement from Coming at a time when rural offerings poming at a time when rural offerings were expected to be a little freer, the weather became a very important factor. Shorts bought all they could lay their bands on at a reasonable figure. The opening, December at 225c; May attait 175c, was a gain of a shade for May and % for December, and though the prices eased fractionally with wheat at the opening, sentiment was builtsh and the recov-Australian wools—Scoured basis, spot ing, sentiment was bullish and the recoveries, combing superfine, S09820; good, 789800; average, 758770. tions closed, a gain of %6% for December and %c for May. New York reported 15 loads taken for export. Receipts were

bear selling. Immediately the market developed pronounced strength on good burns orders from abroad, purchases for investment account and active support from the bull side. Fear that plague in Brisil may become a most important bull factor, caused shorts to cover. Brasil closing a shade higher at 274c; May sold from 244c to 244c and closed 424c bet-

100,000 bushes at 18-001 Harrier, 10.000 bushes at Mantibba storage points, 01.000 bushels at Portland, Maine, and 55,000 bushels at Port Huron. The principal decreases are those of 18,000 bushels at Cotean, 55,000 bushels at Milwaukee sievators, and 50,000 bushels at Minneanolts private elevators. The asgregate stocks of wheat held at Portland, Ore., and

To Governor Savers, Austin, Texas: The following dispatch has just been

"Fort Ringgold, Nov. 21.-Adjutant general department of Texas, San Antonio: Every man in garrison last night; citizens began firing on our guard at 7. Troop D and securs placed on guard around garrison. Enemy opened terrific fire on garrison at 7:30 on side next to Chi.
Rio Grande City and continued for some Chi. time. Our men obliged protect garrison fired several volleys. Finally ordered out Gatling gun and silenced enemy's fire. None of our men hurt; no trouble since, but rumors of gathering in country. If true may need more troops. Cannot treat with citizens, who will not even respect United States mail carrier; unsafe for

garrison. Shall I send men after mail? "Rubottom." "Have ordered troops of cavalry from
Fort Brown to proceed by forced marches
to Ringgold. Am taking every precaution
to prevent further trouble. Will keep
you advised. Please wire me any information you may obtain.

MARKET JUST WAITING DON'T NEGLECT

With Such a Market's Tendency to Gravitate.

THOSE HUGE BOND-BLOCKS

Have Not Yet Shown Up at the Sub-Treasury.

New York, Nov. 21 .- The character of

the securities, market today continued

much the same as yesterday; that is, in an attitude of waiting. There were no signs of speculative furore and no large crease in the world's visible less than carly predictions, closing 140-cents higher. Corn, actuated by rains, closed 160% with the market closed with an upword tendency. Winter patents, \$1.60673.55; wincents better. Oats closed a shade to 14 ter straights, \$1.4068.15; Minnesota patents, \$1.60673.50; Minnesota patents prganized buying was in evidence. Such winter low grades, \$2.2502.40.
Wheat-Recelpts, \$12.400; exparts, \$ been modified. The offerings of bonds at the New York sub-treasury were some-what larger again than yesterday, but there were no signs of the great blocks of bonds accumulated by great banking nterests of which rumors were heard and visions were seen last week. Some of the speculators who were demonstrating for an advance have been giving out as-sertions that blocks of \$10,000,000 and even of \$18,000,000 in government bonds were to be presented to the sub-treasury and the proceeds used to flood the money market and force the rate down to a point of eare. There was no stringency in the market today, but the money rate sliffen ed suggestively to 14 per cent in the late dealings, as if to intimate that the supply of funds for speculative commit-ments is still restricted to a narrow compass. New York exchange at Chicago and some other important outside conters weakened during the day, the Chi-cago rate falling to par. Something was heard also of money stringency to come in London, though today's quotations falled to forecast any such event. Money and discagning declined in London and in Perilin and the sterling market here was soft. Money was stifly held, however, in Paris above the Bank of France's discount rate, and this week's action by this institution is anticipated with interest. The duilness of the stock market was un relieved except by professional operations in isolated instances. Manhattan was supported and retrieved of yesterday's loss. Sugar, on the other hand, weak ened on deptals of recent stories of a set tlement in the trade war, and leather took a downward plunge on liquidation by the tired holders. The organized huying in Baitimore and Chio preferred and Southern Paeific was discontinued. Closing prices of stocks were as follows:
